

# Count On to Add

CA Standards  
KEY NS 2.5, MR 1.2

Read to solve.

Count on to add.

1. There are **6** birds in the nest.  
Then **2** birds join them.  
How many birds are there  
in all?

$$6 + 2 = \underline{\quad\quad} \text{ birds}$$

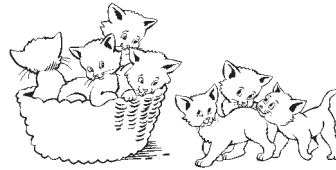

3. There are **8** cows in the  
barn. Then **2** more cows  
join them. How many cows  
are in the barn now?

\_\_\_\_\_ COWS

5. Colin has **8** blue fish,  
**5** red fish, and **3** goldfish  
in the tank. He adds **3** more  
blue fish to the tank. How  
many blue fish are in the  
tank now?

\_\_\_\_\_ blue fish

2. There are **4** kittens in the  
basket. Then **3** more kittens  
jump in the basket. How  
many kittens are there now?

$$4 + 3 = \underline{\quad\quad} \text{ kittens}$$

4. Callie finds **9** coins. Then  
she finds **3** more coins.  
How many coins does Callie  
have now?

\_\_\_\_\_ COINS

6. Addy has **8** green balloons,  
**7** yellow balloons, and  
**6** red balloons. She finds  
**3** more yellow balloons.  
How many yellow balloons  
does Addy have now?

\_\_\_\_\_ yellow balloons
