

Model Subtraction

CA Standards
KEY NS 2.1, MR 2.3

Use the table to solve.

1. How many miles longer is New York’s subway than Chicago’s subway?

2. Which city’s subway has more stations, Berlin or Mexico City? How many more stations?

3. In which two cities do the subways have about 150 stations? Which of those cities has the longer subway? How much longer?

World's Longest Subways		
City	Number of Stations	Number of Miles
Berlin	170	90
Chicago	143	222
Copenhagen	22	14
London	275	253
Mexico City	150	111
Moscow	175	149
New York	468	656
Paris	368	124
Seoul	115	94
Tokyo	148	183
