Use the map showing driving distances in miles to answer the problems.

1. How many more miles is it from San Francisco to Los Angeles than from Los Angeles to San Diego?

2. How many fewer miles is it from Palm Springs to Los Angeles than from Palm Springs to Fresno?

3. What is the greatest number of different cities you can drive to if you start from any city and drive less than 600 miles? Describe the route.

4. How many miles difference is there between the longest and shortest route from Fresno to Los Angeles?

5. The Regan family drove from San Francisco to Palm Springs. They drove 389 miles more than the Levins, who also drove to Palm Springs. What city did the Levins drive from?

6. Two families drove in different triangle-shaped routes. One family drove 300 miles farther than the other. Which two cities were on both routes?
