SDAP 1.1

Use the spinner at the right to answer problems 1–6.

1. On which color is the spinner likely to land? Why?

---

---

2. On which color is the spinner least likely to land? Why?

---

---

3. You spin the spinner once. Describe a certain event. Explain why you can describe your event that way.

---

---

---

---

---

---

---

4. Why is it possible, but unlikely, that the spinner will land on green?

---

---

---

---

---

---

---

5. If you know that an event is likely or unlikely, what other word can you use to describe the event? Explain how you know.

---

---

---

---

---

6. How could you change the spinner to make it impossible to land on yellow?

---

---

---

---
