Solve each problem.

1. You owed your friend \$15. You paid back \$8. How much do you owe now?

3. You borrowed \$26 from your friend. You paid back \$5 and then you paid back \$4 more. How much do you owe now?

5. You borrowed \$30 from your mother. The next week, you paid back \$10. A week later, you borrowed \$4. A week after that, you paid back \$12. How much do you still owe your mother?

2. Your friend owed you \$10. She paid back \$6. How much does she owe you now?

4. Your friend borrowed \$18 from you. He paid back \$3. Then he borrowed \$5 more. How much does he owe you now?

6. You lent your sister \$10. She paid back \$2 a week for 4 weeks. Then she borrowed \$7. She paid back \$8. She says she doesn't owe you any more money. Is she correct?
