

# Median and Mode

**CA Standards**  
SDAP 1.1, SDAP 1.2

Mrs. Iko asked for 7 volunteers to help teach median, mode, and outlier. The volunteers measured their heights in centimeters. The table at the right shows the results.

Mrs. Iko's Class	
Name	Height (cm)
Bell	116
Dale	124
Lucy	121
Mike	128
Gina	124
Georgia	119
Jay	122

1. Arrange the data in the table from least to greatest.

---

---

3. Mrs. Iko added her own height to the table. She is 170 centimeters tall. How will this information change the median?

---

5. Mrs. Iko removed her height and Dale's height from the table. How did this change the median?

---

---

2. What are the median, the mode, and the outlier, if any?

---

---

4. What changes are there to the mode and the outlier?

---

---

---

6. What, if any, changes did it make to the mode and the outlier? Explain.

---

---

---
