Read and Understand Line Graphs

CA Standards
SDAP 1.0, SDAP 1.3

The line graph at the right shows how many people rented videos from Popcorn Video for each day of the week. Use the graph to solve the problems.

1. On which two days did Popcorn Video rent the same number of videos?

3. What was the increase in video rental from Tuesday to Wednesday?

5. How many more videos did Popcorn Video rent on its busiest day than on its slowest day?

2. On which day was the least number of videos rented?

4. From what day to what day was there a rental decrease of 45 videos?

6. What was the total number of videos rented from Friday through Sunday at Popcorn Video?
