

Line or Bilateral Symmetry

CA Standards
MG 3.0, MG 3.4

The Greek alphabet uses different letters than our alphabet.

How many lines of symmetry does each Greek letter have? Write the number and draw the line or lines.

1. pi (letter p)

Π

2. omega (letter o)

Ω

3. phi (sound ph/f)

Φ

4. delta (letter d)

Δ

5. gamma (letter g)

Γ

6. xi (letter x)

Ξ
