## Who Knew?

---

### Draw a Picture

Show the item that their cousin did not put into the chart.

**Drawings should show tables.**

### Try This

#### Write sentences.

Tell what you know about students and computers in both rooms.

**Answers will vary. In Brad and Mimi's room, there are only 3 computers for 20 students. In their cousin's room, there are 15 computers and 15 students.**
