<p>3</p>  <p>Three dogs are lined up on the left. Three bones are lined up on the right.</p>	<p>4</p>  <p>Four squirrels are lined up on the left. Four acorns are lined up on the right.</p>

Directions: 1–4 Draw lines to match the items one to one.

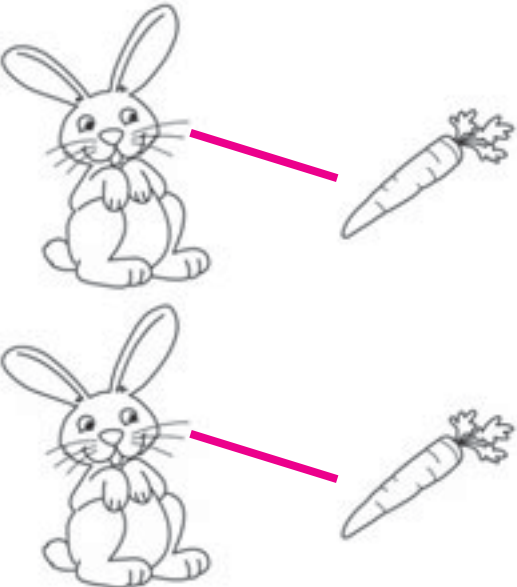

One to One

1

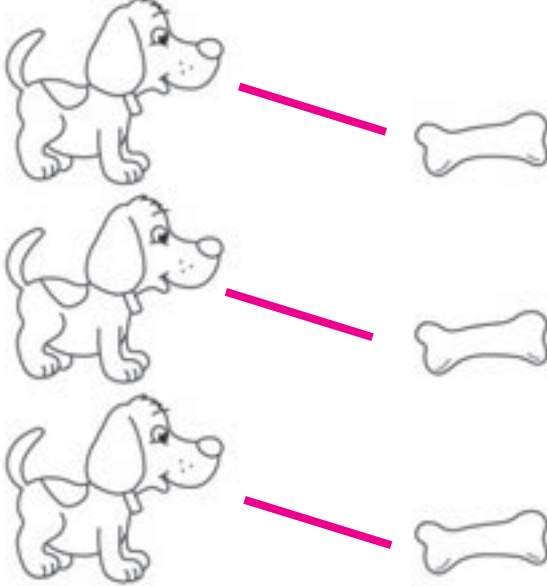

Three cats are lined up on the left, and three bowls are lined up on the right. A pink line connects the top cat to the top bowl, another pink line connects the middle cat to the middle bowl, and a third pink line connects the bottom cat to the bottom bowl.

2

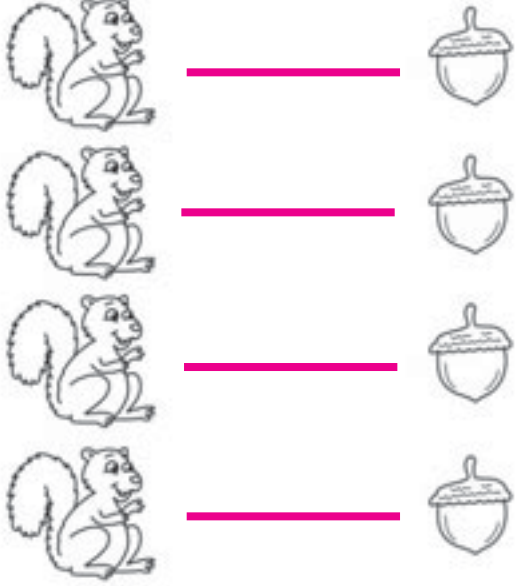

Two rabbits are lined up on the left, and two carrots are lined up on the right. A pink line connects the top rabbit to the top carrot, and another pink line connects the bottom rabbit to the bottom carrot.

3

Three dogs are lined up on the left, and three bones are lined up on the right. A pink line connects the top dog to the top bone, another pink line connects the middle dog to the middle bone, and a third pink line connects the bottom dog to the bottom bone.

4

Four squirrels are lined up on the left, and four acorns are lined up on the right. A pink line connects the top squirrel to the top acorn, another pink line connects the second squirrel to the second acorn, a third pink line connects the third squirrel to the third acorn, and a fourth pink line connects the bottom squirrel to the bottom acorn.

Directions: 1–4 Draw lines to match the items one to one.
