

MATH at Home

Dear Family,

We are starting a new unit called Time and Money. In Chapter 9, we will work with calendars and learn how to tell time to the nearest hour on a clock. In Chapter 10, we will identify coins and learn about the value of different coins.

Love, _____

Vocabulary

calendar

A chart showing the days of the week and the months of the year.

clock

A tool to measure and record time.

minute hand

3 o'clock

hour hand

3 o'clock

penny, nickel, dime, quarter

Coins with the value of one cent, five cents, ten cents, and twenty-five cents, respectively.

1¢

5¢

10¢

25¢

Vocabulary Activities

- Have your child use a calendar to name the days of the week and the months of the year.
- Help your child read times to the hour on clocks around your home.
- Let your child sort, identify, and compare different coins. Help your child trade 5 pennies for 1 nickel.
