Letter to Family

Dear Family,

Our class is taking a survey to find out what different people's favorite ice cream is. I would like you to help your child ask one person which kind of ice cream they like best: chocolate, vanilla, or strawberry. Help your child write the choice down on a piece of paper and bring the paper to school.

In class, we will make a tally chart or graph to show the results of the survey. Then the children will use their knowledge of subtraction to answer questions such as, *How many more people liked chocolate than vanilla?*

Your child needs to bring this to school by _____.
(date)

Thank you for your help.

Sincerely,
