Letter to Family

Dear Family,

I would like you to do something with your child when you are setting the table for dinner. I would like you to count the silverware in groups as you put it at each place setting. For example, if you put a knife, fork, and spoon (3 pieces of silverware) at each place setting and there were 4 place settings, the count would go: 3, 6, 9, 12. Try to use at least two pieces of silverware for each place setting.

I would like your child to draw a picture of the table with the place settings and then write the counting series.

Your child needs to bring this to school by _____.
(date)

Thank you for your help.

Sincerely,
