

Let's Subtract!

(Tune: "There's a Hole in the Bucket")

Yes, I have 8 red apples,
Red apples, red apples.
I will take away 2 now.
How many are left? (6)

Now I have 6 red apples,
Red apples, red apples.
I will take away 1 now.
How many are left? (5)

Now I have 5 red apples,
Red apples, red apples.
I will take away 2 now.
How many are left? (3)

Now I have 3 red apples,
Red apples, red apples.
I will take away 2 now.
How many are left? (1)

Now I have 1 red apple,
Red apple, red apple.
Now I have 1 red apple,
And I'll eat it right now!
