

Double Bar Graphs

Use the table for Problems 1–5.

Alvin recorded the number of visitors to the wax museum. He recorded the number of visitors for the busiest months during the years 2001–2002.

Visitors to Wax Museum				
	June	July	August	September
2001	60	152	118	153
2002	140	198	153	147

1. Make a double bar graph in the space below.
2. Which month had fewer visitors in 2002 than in 2001?

3. How many more people visited the museum in 2002 than in 2001?

4. In 2002, how many more people visited the museum in July than in June?

Test Prep

5. About how many more people visited the museum in July, 2002 than in June, 2001?
A about 50 people
B about 100 people
C about 150 people
D about 200 people
6. Use the double bar graph above showing the number of visitors to the wax museum in 2001 and 2002. Without ordering numbers, which month had the greatest number of visitors for 2002? Explain how you know.
