

How to make: Cover the bulletin board with brown paper. Have students make a mural illustrating as many Basic Words as possible from Units 19–23. You may want to assign different groups of students to each unit. Have students make a label for each Basic Word they illustrate. To title the bulletin board, write the names of the units across the top of the mural.

How to use: Have students write sentences or stories about the mural. They should use as many Basic Words as possible, especially the ones not illustrated. Display the students' writing on the mural.

If you prefer, have students make a separate mural for each unit.
