

How to make: Provide a colored background and a border for the bulletin board. Cut out letters from contrasting colored paper to form the title "Cartoon Corner." Attach the title to the bulletin board.

How to use: Have students make up cartoons using two or more characters. The cartoon frames should be drawn on construction paper with speech balloons for each character. Students choose 2–4 Basic Words in one or more units in this cycle and use them in dialogue that they write for the characters. The dialogue may be a riddle or a joke and its answer, part of a conversation, or any other communication that comes to mind. Encourage students to be as imaginative as possible.

You may prefer to have students work together on one cartoon. Have one student draw a character, fill one speech balloon, and give the cartoon to another student to complete with another character and response. Both students should use at least one Basic Word in the cartoon.

Students should tack their completed cartoons to the Bulletin Board for the class to enjoy.
