

Compare Leaves

Steps

- 1. Compare** Look at leaves. See how they are alike and different.
- 2. Record Data** Choose three leaves that are alike in one way. Make crayon rubbings of these leaves.
- 3. Classify** Glue the rubbings on a sheet of paper. Write how the leaves are alike.

- 4. Repeat steps 2 and 3** with different leaves. Write how the leaves are alike.

Name _____

Think and Share

1. How are the leaves in each group alike?

2. How can you use plant parts to sort plants?

Investigate More!

Work Together Use your rubbings to make a class display. Add real leaves and pictures of leaves. Group the leaves that are alike.
