

Observe Plants

Steps

- 1. Safety:** Wear goggles! Use gravel, soil, and plants to make a terrarium.
- 2.** Spray a little water on the soil.
- 3.** Cover the terrarium. Put the terrarium in a sunny place. **Safety:** Wash your hands after you finish!
- 4. Observe** Look at the plants every day for one school week. Record what you see in the chart below.

Day 1	Day 2	Day 3	Day 4	Day 5

Name _____

Think and Share

1. Infer Are the plants living things?
How do you know?

2. What do plants need?

Investigate More!

Ask questions How much light do your plants need? Finish this question: What would happen to the plants if I _____? Make a plan for finding an answer.
