

Day Sky and Night Sky

Day		Night	
Do you see the and the in the day sky?		Do you see the and the in the night sky?	
Yes	No	Yes	No

Directions: Help children record the results of the Investigate Activity. Ask them to circle the light switch in each column that shows if the classroom lights were *on* or *off*. Ask them to draw light rays coming from the flashlight that showed light they could see. Read aloud the questions in the last row and ask children to circle *Yes* or *No*.
