

# Community Map

**KEY**

- Gas Station
- School
- Supermarket
- House

The map consists of a grid of rectangular blocks. A vertical road runs down the left side, and a horizontal road runs across the top. A diagonal road runs from the bottom right towards the center. The blocks are shaded in light gray and contain various icons: houses, gas stations, schools, and supermarkets. The key in the top right corner identifies these icons: a gas pump for Gas Station, a pencil for School, a shopping cart for Supermarket, and a house for House. The map shows a mix of residential areas (houses) and commercial areas (gas stations and supermarkets).
